SUMMARY

I am proactive electronics and communication engineering student seeking a dynamic role in tech-driven environment. I leverage my programming skills, a problem-solving approach, and a keen interest in new technologies to contribute to innovative software and hardware development projects. I embrace continuous learning and strive for excellence in every project I undertake.

EDUCATION

Bachelor of Technology

RR Institute of Modern Technology (AKTU)

2022-2026 Lucknow

Higher Secondary

C.B Singh Gaur Memorial Senior Secondary College (CBSE)

2022 Lakhimpur Kheri

High School

C.B Singh Gaur Memorial Senior Secondary College (CBSE)

2020 Lakhimpur Kheri

PROJECTS

Smart Coalmine Safety and Monitoring System

Developed an IoT-based system for real-time monitoring of coal mine conditions using gas, temperature, humidity sensors integrated with a microcontroller (Arduino). Implemented an alert mechanism via buzzer and GSM module for instant hazard notifications, improving early detection and worker safety.

Automatic Hand wash Machine

Designed and developed an automatic hand wash machine using sensors and a microcontroller to enable touchless operation. Integrated an IR sensor and motor pump system to dispense liquid soap and water efficiently, reducing water wastage and improving hygiene.

CERTIFICATIONS

TCS ION Career Edge

Young Professional course certification

Be10x AI tools

Certification for AI tools

Yuva AI for All-AI Awareness Program

AI Awareness Program

Summer training

Certification of summer training in Embedded System

STRENGTHS

Time Management

Ability to manage time efficiently

Critical Thinking

Capable of critical analysis and creative solutions

Problem-solving

Competently solving complex problems

Communication skills

Strong communication abilities

LANGUAGES

English

Proficient

Hindi

Native

SKILLS

Python

Embedded C

Ai tools

Generative Ai

Prompting

INTERESTS

Interest in technology

researching about new technologies

Cyber Security

Exploring cyber security

INDUSTRIAL VISIT

ISRO Remote Sensing- Lucknow 2024
